

## Chapter 4.

### **GENERAL DESCRIPTION AND BASIC PROBLEMS OF DEVELOPMENT OF PLANT-GROWER IN UKRAINE**

**Iryna Fedulova, Valerijj Tarasov**

**Abstract.** *Economic feasibilities of agrarian sector of Ukraine are not fully used. It is carried out economic reforms consistently and so far did not provide the increase of efficiency and labour productivity. Volumes of production output, investments and technological level of agriculture go down. Hopes on that markets economic reforms will be instrumental in the rapid revival of economy, were confirmed neither in Ukraine nor in most countries with a transitional economy.*

**Keywords:** *agriculture production, agrarian policy, Ukraine.*
