

Chapter 6.

CURRENT STATUS AND PROSPECTS OF THE FURTHER ENHANCEMENT OF UKRAINIAN GRAPE AND WINE GROWING

Anatoliy Avidzba

Abstract. *Ukraine's grape and wine growing, as well as the whole agro-industrial complex of the country, are now facing hard times aggravated by the global financial crisis. A reduction in grape areas, lower yields, decrease in production and a narrower range of vintage products are common throughout the grape-growing regions of the country, including the Crimea.*

Keywords: *grape and wine growing, Crimea.*
